

# Hello, Green team! We're coming back in a bubble!

We're so excited that you will be coming back to school soon to join our special bubble.  
We can't wait to see you!

Things will be a bit different but hopefully we can explain what it will be like.

Our bubble isn't a bubble that can burst, it is a special group of people who spend their time together at school.

Our bubble includes, Mr Hayes and Mrs Brock.

Our lunchtime supervisor is Mrs Mitchell and on Wednesday's you will have Miss Knight helping Mrs Brock.

We're very lucky because in our bubble we will have children from Hedgehogs, Foxes, Squirrels and Badgers too!

We're a team!

In our bubble we will get to sing together, learn together, think together, talk to each other, eat together and have lots of fun in a safe way.

We will be using Badgers classroom and we will also have a space on the field! All just for our bubble!

None of the children in other bubbles at school will come to our bubble space and we won't go into their bubble space. We may see them from a distance and we can give them a wave!

When you arrive at school you will say goodbye to your grown up on the playground and meet Mr Hayes who will be waiting for you. You will be wearing your school uniform. Then you will walk down the path towards the classroom to Mrs Brock who you will see waving at you.

The first thing we will do before going into school is to clean our hands to make sure we start our day with clean healthy hands.

We will not bring a book bag or any toys from home to school. We will not bring any books or other home learning either. We will just bring a packed lunch and a drink bottle each day and a coat if needed. We will have our sun cream put on at home before we come to school. We can bring in a hat to keep in school too.

The classroom looks a bit different. Lots of equipment has been put away so we can keep safe when we are learning by keeping everything clean.

You will have your own space to sit in the classroom. This is where you will keep your lunch box and drink bottle. You will also have a special tray filled with a pencil, rubber, glue stick, scissors, and other things that are just for you. We will have to be careful not to share things. We will also wash our hands lots of times to keep them clean and to help keep everyone safe.

We will be learning outside as much as we can too.

There will be different areas which each bubble can use. We will use the same area for a whole day and move to another area the next day. This is where we will picnic at lunchtimes on sunny days and have our playtimes in!

We will be moving around the school slightly differently than we normally do. We will have to use a 'one-way system'. We don't need to worry about this as we can have lots of practise at using it when we are back in school together.

If you start to feel poorly when you're at school, you must tell a grown up. If you are poorly you might need to go home. If you need to cough or sneeze that's okay! You will need to try

to 'catch it', 'bin it', 'kill it' in a tissue. Have a practise at home. You must put your dirty tissue into a pedal bin and always wash your hands after a sneeze or cough.

We will try not to get too close to our friends. We will play together but we will need to try keep our distance and not hug or hold hands with each other, just now. We will be able to wave at our friends or give them air high 5's! There are lots of fun things we can do with our friends without having to get close to them.

School will feel a little strange for a while but you don't need to worry. We are going to make sure that we all have a lovely time in our bubbles. And one day soon we hope that we can pop all of the bubbles and have a huge hug together!

Won't that be a lovely thing to look forward to.

We are very excited to see you! We have missed you very much. See you soon and remember to bring your big smile to school!

Love from Mr Hayes and Mrs Brock ☺☺☺
